ABOUT

Computer Science student at IUT Annecy, specializing in software development. Passionate about technology and problem-solving, I thrive in collaborative environments while maintaining a high level of autonomy. I have hands-on experience in web and application development, working with a variety of programming languages and frameworks. I am seeking a position in web development to apply my skills and contribute effectively.

EDUCATION

Bachelor's Degree in Computer Science (BUT Informatique), IUT Annecy
Since September 2023 — Annecy

- **Specialization:** Application Design, Development, and Validation (Software Development Focus)
- **Key Coursework:** Software Development, Database Management, Web Technologies, Agile Methodologies

Technological Baccalaureate in Science and Industrial Technology (STI2D), Lycée Lamartine
From September 2020 to July 2023 — Belley

- Technological Baccalaureate in Science and Industrial Technology with a specialization in Digital Information Systems (STI2D-SIN)

WORK EXPERIENCE

Apprenticeship – Web Developer, Altimax (Digital Agency)
Since September 2025 — Annecy, France

- Developed and managed websites using WordPress.
- Maintained and updated sites, fixed bugs, and improved performance.
- Actively contributed to implementing new features according to project specifications.

Internship - Full-Stack Developer, Helvetic Events Agency
From April 2025 to June 2025 — Genève, GE, Switzerland

- Developed a web application for project management using React and FastAPI technologies.
- Collaborated with a team of developers to design and implement new features.

Packaging Employee, Guilloteau (Cheese Factory)
August 2024 — Belley, France

- Ensured **quality control** on the production line.
- Assisted in **packaging, handling, and palletizing** in cold storage environments.

Fast Food Employee, PETITE FAIM ANTALYA
From 2020 to 2023 — Belley, France

- Managed **customer orders and food preparation**.
- Maintained hygiene and safety standards.

PROJECTS

Web Development Hackathon – Annecy (February 2025)

I developed a **frontend web application** within a **limited timeframe**, which allowed me to significantly improve my skills in **teamwork**, **problem-solving**, and **Agile methodologies**.

Uber-like Application Development - Annecy (October 2024 - January 2025)

I developed an **Uber-like application** using **Laravel (PHP)**, designed and implemented a robust **database architecture** with PostgreSQL and ELM, and collaborated within an **Agile team** to ensure smooth project delivery.

TECHNICAL SKILLS

Front-End Development

HTML5, CSS3 (SASS/LESS), JavaScript (ES6+), React (Next.js), Vue.js, Tailwind CSS, Bootstrap, jQuery, Flutter

Back-End Development

Python (FastAPI), PHP (Laravel), Node.js (Express.js), .NET/C#, RESTful APIs, WebSockets

Web Development Tools

VS Code, Visual Studio, WordPress, Unity, Visual Paradigm, PowerAMC, pgAdmin4
Git, GitHub, Postman, Swagger, Docker

Database Management

PostgreSQL, MongoDB, ERD, LDM, JSON/JSONB, Indexing & Optimization, Reverse Engineering

Design & Prototyping

Figma, Framer, Adobe Illustrator, Canva

Methodologies & Practices

Unit Testing, CRUD, UML, MVC, MVVM, Agile, Scrum

VOLUNTARY EXPERIENCE

Cultural Association Member, ASSOCIATION CULTURELLE TURQUE

Since July 2023
Belley

- Actively involved in community and cultural projects.

SOFT SKILLS

Problem-solving

Ability to analyze and resolve complex technical issues efficiently

Adaptability

Quick to learn new technologies and adjust to changing project needs.

Teamwork

Skilled in collaborating with diverse teams in Agile environments.

Effective Communication

Clear and concise communication of technical concepts to both technical and non-technical audiences.
