Computer Science student at IUT Annecy, specializing in software development. Passionate about technology and problem-solving, I thrive in collaborative environments while maintaining a high level of autonomy. I have hands-on experience in web and application development, working with a variety of programming languages and frameworks. Currently, I am actively seeking an apprenticeship opportunity to further develop my skills and contribute.

EDUCATION

Bachelor's Degree in Computer Science (BUT Informatique)   Since September 2023

IUT Annecy Annecy

- **Specialization:** Application Design, Development, and Validation (Software Development Focus)
- **Key Coursework:** Software Development, Database Management, Web Technologies, Agile Methodologies

Technological Baccalaureate in Science and Industrial Technology (STI2D)   From September 2020 to July 2023

Lycée Lamartine Belley

- Technological Baccalaureate in Science and Industrial Technology with a specialization in Digital Information Systems (STI2D-SIN)

WORK EXPERIENCE

Packaging Employee   August 2024 **(1 month)**

Guilloteau (Cheese Factory) Belley, France

- Ensured **quality control** on the production line.
- Assisted in **packaging, handling, and palletizing** in cold storage environments.

Fast Food Employee   From 2020 to 2023 **(3 years)**

P'tit Faim Antalya Belley, France

- Managed **customer orders and food preparation**.
- Maintained hygiene and safety standards.

PROJECTS

Uber-like Application Development - Annecy (October 2024 - January 2025)

- Developed an Uber-like application using **Laravel (PHP)**.
- Designed and implemented a robust **database architecture** (PostgreSQL, ELM...).
- Collaborated in an **Agile team** to ensure smooth project delivery.

Web Development Hackathon – Annecy (February 2025)

- Developed a **frontend web application** within a limited timeframe.
- Improved skills in **teamwork, problem-solving, and Agile methodologies**.

TECHNICAL SKILLS

Front-End Development

- HTML5, CSS3 (SASS/LESS), JavaScript (ES6+)
- Vue.js, Bootstrap, jQuery, Flutter

Back-End Development

- PHP (Laravel), Node.js (Express.js), .NET/C#, Python
- RESTful APIs, WebSockets

Databases

- PostgreSQL, MongoDB, JSON/JSONB

Tools & Methodologies:

- Git/GitHub, Docker, VS Code, Postman, Figma
- CRUD Operations, MVC, Agile/Scrum

SOFT SKILLS

Problem-solving

- Ability to analyze and resolve complex technical issues efficiently

Teamwork

- Skilled in collaborating with diverse teams in Agile environments.

Adaptability

- Quick to learn new technologies and adjust to changing project needs.

Effective Communication

- Clear and concise communication of technical concepts to both technical and non-technical audiences.

VOLUNTARY EXPERIENCE

Cultural Association Member

Since July 2023

ASSOCIATION CULTURELLE TURQUE Belley

- Actively involved in community and cultural projects.
