ABOUT

Currently pursuing a Master's degree in Applied Mathematics and Computer Science (MIASHS) at Université Grenoble Alpes, preparing for the second year (M2) starting in September 2027. Seeking a 1-year apprenticeship focused on software engineering and application architecture

LANGUAGES

English	B2 (Upper-Intermediate)	French	Native / Bilingual
Turkish	Native / Bilingual		

VOLUNTARY EXPERIENCE

Cultural Association Member, ASSOCIATION CULTURELLE TURQUE	07/2023
▪ Actively involved in community and cultural projects.	Belley

EDUCATION

Master's Degree in Applied Mathematics and Computer Science (MIASHS), Université Grenoble Alpes	09/2026 Grenoble (38)
--	--------------------------

- **Advanced Statistics & Data Analysis:** In-depth training in statistical modeling, predictive analysis, and applied mathematics for complex data-driven decision making.
- **Interdisciplinary SHS Integration:** Applying computational models and empirical data analysis to human behavior, cognitive sciences, and social system dynamics.
- **Core Focus:** Software engineering, algorithmic design, and bridging quantitative statistical methods with human-centered systems.

Bachelor's Degree in Computer Science (BUT Informatique), IUT Annecy	09/2023 - 09/2026
▪ Specialization: Application Conception, Development, and Validation (Software Development Focus)	Annecy
▪ Key Coursework: Software Development, Database Management, Web Technologies, Agile Methodologies	

Technological Baccalaureate in Science and Industrial Technology (STI2D), Lycée Lamartine	09/2020 - 07/2023 Belley
▪ Technological Baccalaureate in Science and Industrial Technology with a specialization in Digital Information Systems (STI2D-SIN)	

WORK EXPERIENCE

Apprenticeship – Backend Developer, DATASOLUTION (Altimax) - Digital Agency

09/2025 - 08/2026

Annecy, France

- Developed and managed websites using WordPress.
- Maintained and updated sites, fixed bugs, and improved performance.
- Actively contributed to implementing new features according to project specifications.

Internship - Full-Stack Developer, Helvetic Events Agency (Events Agency)

04/2025 - 06/2025

Genève, GE, Switzerland

- Developed a web application for project management using React and FastAPI technologies.
- Collaborated with a team of developers to design and implement new features.

Fast Food Employee, PETITE FAIM ANTALYA (Fast Food)

2020 - 2023

Belley, France

- Managed **customer orders and food preparation**.
- Maintained hygiene and safety standards.

PROJECTS

Web Development Hackathon – Annecy (February 2025)

I developed a **frontend web application** within a **limited timeframe**, which allowed me to significantly improve my skills in **teamwork**, **problem-solving**, and **Agile methodologies**.

Uber-like Application Development - Annecy (October 2024 - January 2025)

I developed an **Uber-like application** using **Laravel (PHP)**, designed and implemented a robust **database architecture** with PostgreSQL and ELM, and collaborated within an **Agile team** to ensure smooth project delivery.

TECHNICAL SKILLS

Front-End Development

HTML5, CSS3 (SASS/LESS), JavaScript (ES6+), React (Next.js), Vue.js, Tailwind CSS, Bootstrap, jQuery, Flutter

Back-End Development

Python (FastAPI), PHP (Laravel), Node.js (Express.js), .NET/C#, RESTful APIs, WebSockets, R

Web Development Tools

VS Code, Visual Studio, WordPress, Unity, Visual Paradigm, PowerAMC, pgAdmin4, Git, GitHub, GitLab, BitBucket, Postman, Swagger, Docker

Database Management

PostgreSQL, MongoDB, ERD, LDM, JSON/JSONB, Indexing & Optimization, Reverse Engineering

Design & Prototyping

Figma, Framer, Adobe Illustrator, Canva

Methodologies & Practices

Unit Testing, Microsoft Azure, CRUD, UML, MVC, MVVM, Agile, Scrum

SOFT SKILLS

Problem-solving

Ability to analyze and resolve complex technical issues efficiently

Adaptability

Quick to learn new technologies and adjust to changing project needs.

Teamwork

Skilled in collaborating with diverse teams in Agile environments.

Effective Communication

Clear and concise communication of technical concepts to both technical and non-technical audiences.
